SUMMARY

Passionate Full-Stack Developer with hands-on experience in building scalable web applications using the MERN stack. Curious and creative problem solver with a knack for turning ideas into functional, user-friendly solutions. Continuously learning, building, and pushing code that makes a difference.

PROJECTS

MindBloom

- Tech Stack: MongoDB, Express.js, React, Node.js
- A MERN app that tracks mental wellness through mood logs, habit-building challenges, promoting self-care with rewards.

Live │ Github

FlipMind

- Tech Stack: React, Vite, CSS
- A fast-paced card memory game where players flip cards to match pairs and improve memory. Designed with a clean UI and smooth animations for an engaging and responsive experience.

Live │ Github

QuoteCraft

- Tech Stack: React, Vite, Public API / Custom Dataset
- An inspirational quote generator that displays random motivational quotes with options to generate, copy, and share them. Focuses on user interaction and minimalist design for daily positivity.

Live │ Github
